It's Your Choice

Your Choice Funerals and Chris Sample Funerals are an independent family run funeral service who aim to give families the best possible price for package funerals, all our prices are straight and upfront with no hidden charges ..... what you see in the brochure is the price you will pay no hidden extras guaranteed.

We pride ourselves on offering a personal and professional service to the public at such a difficult and vulnerable time every family faces. Our funeral packages are set up to give families a guide line and an idea of what different funerals will cost. We understand people have varied lifestyles and personalities and we can help combine these and relate them into our funeral packages and make it personal to you and your loved one.

When a loved one passes away it is unexpected no matter what the circumstances. Families are then rushed into making decisions, such as choosing a funeral director, which is unnecessary and can become costly if rushed into any decisions. We like to encourage families to shop around first.. ... Ask funeral directors for prices, don't be rushed into anything you're not 100% certain about, and ask the questions you want answered.

We have Chapels of Rest located in all of our offices with very flexible opening hours. A funeral director is available 24 hours a day 7 days a week and is available for appointments week days and weekends.

If you would like any further information or support please don't hesitate to contact us by phone, email or by coming along to one of our offices, let our family help yours.

Multi Award Winning Family Funeral Service

Direct Cremation Package

A direct cremation with our family run service is local, caring and respectfully carried out by our professional team. Trusting us with these arrangements gives you the peace of mind knowing your loved one is being cared for and looked after in your local area.

Choosing to use a family run service like us rather than the larger online companies gives you the peace of mind knowing where your loved one is being cared for at all times, and allows you to be involved fully in the arrangement process from start to finish, for example choosing the date and time of the cremation and also giving you the option to visit your loved one in our chapel of rest, prior to the cremation taking place if you wish.

We have a range of different options available for you to consider when choosing a direct cremation, giving you the control to decide which Crematorium you would like to use, keeping the service as simple as you like or making it as personal and unique to your loved one.

Funeral Plans

Funeral plans with a family run service like ourselves, allows you to plan ahead and take control of your own funeral arrangements and personalise a service to your exact wishes. Talking about death and funerals isn't easy. And yet there are several very good reasons why having a funeral plan in place makes perfect sense – from an emotional, practical and financial point of view. From a traditional funeral to something simpler, with a plan in place you can make sure you get the send-off you really want.

Once you have selected a package and plan that suits your requirements your money is then held in a secure trust fund until the day the plan is required. Your money is invested carefully to ensure at the time of need the funeral director's services are guaranteed regardless of rising costs and inflation.

If you require any more information or would like to proceed with a funeral plan we can arrange home visits or appointments to your local branch where one of our friendly staff will be happy to assist you.

To regulate and manage funeral plans the FCA have now put in strict conditions to all funeral plan sellers and require each company to choose a particular trust company to hold and manage all funds. The trust companies do charge an administration fee which will be applied to package price chosen in the brochure.

Payment options

- Funeral Plan can be paid in full at the time of arrangement, either via card, cheque or bank transfer
- Over 12 months interest free via direct debit
- Over 0 – 15 years - incurs an interest rate to be quoted at time of arrangement.
